c. Business Purpose:

Per the request: This addition of these transaction types will enable Texas Eastern to continue to support the existing No-Notice service provisions in Rate Schedules CDS and SCT of its tariff. This service was included in these Rate Schedules as a result of the Order 636 settlement with our customers and became available on June 1, 1993 to replicate the customers' bundled citygate sales standby service. Since these rate schedules provide for both firm and No-Notice service, a customer must have a way to identify which service he is using.
