3. Description of Proposed Standard or Enhancement:

Duke Energy Corporation pipelines (Algonquin Gas Transmission Company, Panhandle Eastern Pipe Line Company, Texas Eastern Transmission Corporation and Trunkline Gas Company) request the creation of an EDI transaction set titled ***In-Field Storage Transfer***.

4. Use of Proposed Standard or Enhancement (include how the standard will be used, documentation on the description of the proposed standard, any existing documentation of the proposed standard, and required communication protocols):

The purpose of this EDI transaction set is for a trading partner to be able to transfer gas from one storage contract to another. The creation of this transaction set is required so that users of the Duke Energy pipelines' Internet Web site will have access to the same information as users of EDI transactions. The Duke Energy pipelines are in the process of creating their interactive Web site and request that this be processed as expeditiously as possible in order to facilitate electronic commerce via the Internet. This transaction set, although requested by the Duke Energy pipelines, could be applicable across the pipeline segment.

5. Description of Any Tangible or Intangible Benefits to the Use of the Proposed Standard or Enhancement:

**Request for Initiation of a GISB Standard for Electronic Business Transactions
or
Enhancement of an Existing GISB Standard for Electronic Business Transactions**

6. Estimate of Incremental Specific Costs to Implement Proposed Standard or Enhancement:

7. Description of Any Specific Legal or Other Considerations:

8. If This Proposed Standard or Enhancement Is Not Tested Yet, List Trading Partners Willing to Test Standard or Enhancement (Corporations and contacts):

9. If This Proposed Standard or Enhancement Is In Use, Who are the Trading Partners :

10. Attachments (such as: further detailed proposals, transaction data descriptions, information flows, implementation guides, business process descriptions, examples of ASC ANSI X12 mapped transactions):
