FROM: Rae McQuade

RE: **REMINDER FOR MEMBER RATIFICATION OF WEQ PROCEDURES, AS AMENDED** BY THE WEQ BOARD ON 12-28-06

Dear NAESB WEQ Members,

We currently have an outstanding ratification ballot due on February 2 for WEQ members to have the opportunity to cast a vote to ratify the WEQ Board action to modify the WEQ Procedures in support of the creation of a sixth segment -- the independent grid operators/planners. So far, we have had 49 members cast votes (see below). For your convenience, I have attached the ballot tot his reminder which can be emailed or faxed to the office, or you can also vote by replying to email that accompanied this document.

To date, we do not have ballots from a number of our WEQ members. While I know that the deadline for casting votes has not yet arrived, I thought that a reminder might be timely as February 2 approaches. This is an important structural issue for the WEQ and we would appreciate your input via a vote -- to support, oppose or abstain from the WEQ Board action. Our records show that the members noted below have not cast votes. If our records are incorrect, please notify the office and we will take immediate corrective action.

We want to thank you for your continued interest and membership in NAESB. We have an exciting year ahead of us for 2007 - with many important issues identified for consideration. You participation is key to our continued success as a standards organization --

With best regards,

Rae

Rae McQuade, President, NAESB 1301 Fannin, Suite 2350, Houston, Texas 77002 713-356-0060 (phone), 713-356-0067 (fax), 281-830-7406 (cell), <u>www.naesb.org</u> (web)

RE: MEMBER RATIFICATION OF WEQ PROCEDURES, AS AMENDED BY THE WEQ BOARD ON 12-28-06

Dear WEQ Members,

The NAESB WEQ Board of Directors voted in support of the WEQ drafting collaborative¹ amendments to the WEQ Procedures² to support the creation of a sixth segment -- Independent Grid Operator/Planners (the redlined procedures approved by the WEQ Board can be found in the following link:

<u>http://www.naesb.org/pdf2/weq_bd112806a1.doc</u> and are provided in this document as attachment B). The amendments have been reviewed by Bill Boswell, our General Counsel, and he did not find them to be inconsistent with our existing bylaws or certificate.

To effect these changes, Section 18 of the WEQ Procedures will be followed (see Attachment A). The procedures outline the following steps, each of which must pass before proceeding to the next step:

- ✓ 1. Receive a request to change the WEQ procedures
- ✓ 2. WEQ Drafting Collaborative modifies the procedures and votes to forward them to the WEQ Board for vote
- 3. The WEQ Board members vote notationally on the drafted amendments to the WEQ Procedures4. The WEQ members vote notationally to ratify the amendments

We are now on step 4. You are asked to review the amendments and vote to ratify the Board decision by indicating support, opposition, or abstaining within the next 30 days. The ballots should be returned to the NAESB office either through email in reply to this message (or to emails: <u>vthomason@naesb.org</u>, naesb@naesb.org) or via fax (713-356-0067) by February 2.

The NAESB WEQ members listed as primary voting members can be found on the web site at the following link: <u>http://www.naesb.org/pdf/memstats.pdf</u> under the category for the Wholesale Electric Quadrant. To be eligible to vote, you must be a member of the wholesale electric quadrant of NAESB in good standing.

Best Regards,

Rae

Rae McQuade, NAESB President

NAESB Wholesale Electric Quadrant Member Ratification Ballot Due February 2, 2007 (Fax 713-356-0067, email <u>vthomason@naesb.org</u>)

The WEQ Board endorses the following actions:

Given that:

(1) The leadership of the ISOs and RTOs fully support the four conditions outlined by the NAESB Board Named Committee on August 24, as shown below:

If the following four conditions are met, the Board Committee supports the creation of a sixth segment in the WEQ Quadrant: Independent Grid Operators/Planners, to be composed of ISOs, RTOs and other independent grid operators - with no subsegments defined at this time. The sixth segment will have 7 Board seats and 7 EC seats, as required by the NAESB bylaws. The conditions to be met are: (a)the IRC and NAESB support the dissolution of the JIC and will pursue such action with NERC, (b) the creation of the new segment will comply fully with the WEQ subsegment principles as noted in Section 2.4 on the WEQ Procedure, (c) the "At Large" subsegment in the other five segments will be redefined to exclude the ISOs, RTOs and other independent grid operators and planners, and (d) the nine IRC members will join NAESB as members and commit resources to the development of NAESB business practices.

And

(2) The organizations that would populate the new segment would not be present in any other segment of the WEQ, **Then:**

The WEQ Board members support the amendments proposed by the WEQ Drafting Collaborative to the WEQ Procedures to create a sixth segment "Independent Grid Operators/Planners" defined as "Any entity in North America authorized by an appropriate governmental authority to operate as a regional transmission organization, independent system operator, independent tariff administrator or independent planning entity and which does not have a business or financial interest in any other WEQ segment." The redlined amended procedures are attached (Attachment B).

WEQ MEMBER ACTION REQUESTED:

As a NAESB WEQ Member, I support and ratify the decision of the WEQ Board to support and enact the amendments proposed by the WEQ Drafting Collaborative to the WEQ Procedures as shown in redline format attached.:

To effect changes in the WEQ Procedures, Section 18 governs amendments:

18 Amendments

- **18.1** Any interested party may request a change to the WEQ Procedures by forwarding a request in writing to the NAESB Office.
- **18.2** The WEQ Procedures Drafting Collaborative Task Force is charged with drafting amendments to the quadrant procedures. The changes will be reviewed by NAESB Counsel to ensure that the amendments are not inconsistent with the organization's certificate and bylaws. After such assessment, the procedures will be reviewed for adoption by the WEQ membership. The NAESB Office will forward proposed amendments with a notational ballot to all WEQ Board members. The notational balloting period shall be 30 days. For the amendments to be adopted, 75% affirmative vote of the WEQ Board members with a minimum of 40% affirmative vote from each segment will be required. After the WEQ Board vote is taken and passes, the amendments must also be ratified by WEQ membership. For the amendments to be ratified, a minimum of 75% of the WEQ members returning ballots should vote affirmatively.
- **18.3** The foregoing notwithstanding, any actions taken under Section(s) 2.4, 7.5, or 10.5c of the WEQ Procedures shall be approved only in accordance with the provisions set forth in those Section(s); once so approved, such actions shall not be subject to, or require, any other or additional consideration under Section 18 of the WEQ Procedures.
