

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Standards for Business Practices and Communication
Protocols for Public Utilities

Docket No. RM05-5-027

ERRATA NOTICE

(June 5, 2019)

On May 16, 2019, the Commission issued a *Notice of Proposed Rulemaking* in the above captioned proceeding.¹ This errata notice makes the following corrections to the NOPR as issued.

The summary included at the first page of the NOPR is revised to read as follows:

“The Federal Energy Regulatory Commission (Commission) proposes to amend its regulations to incorporate by reference, with certain enumerated exceptions, the latest version (Version 003.2) of certain Standards for Business Practices and Communication Protocols for Public Utilities adopted by the Wholesale Electric Quadrant (WEQ) of the North American Energy Standards Board (NAESB). The Commission proposes to use this latest version instead of the WEQ Version 003.1, which was the subject of an earlier notice of proposed rulemaking. The revisions made by NAESB in this version of the standards are designed to aid public utilities with the consistent and uniform implementation of requirements promulgated by the Commission as part of the *pro forma* Open Access Transmission Tariff.”

At paragraph 12, the NOPR is hereby corrected by capitalizing the initial word of each bullet point, to read as follows:

“12. As explained above, the WEQ Version 003.2 Business Practice Standards include:

- Modifications and reservations to existing standards and newly developed standards to support the short-term preemption process and the merger of like transmission reservations;

¹ *Standards for Business Practices and Communication Protocols for Public Utilities*, Notice of Proposed Rulemaking, 167 FERC ¶ 61,127 (2019) (NOPR).

- Changes to support consistency with NERC Reliability Standards;
- Changes to support market operator functionalities;
- Changes to support consistency in the use of abbreviations, acronyms, and definitions in WEQ-000; and
- Minor corrections to six standards.”

Section 38.1 of the regulatory text is revised to read as follows:

“(b). The business practice and electronic communication standards the Commission incorporates by reference are as follows:”

Kimberly D. Bose,
Secretary.
